\LaTeX{} Scavenger Hunt

**Ex 1**

Figure out how to type a sentence with **bold**, *italics*, and *underline*.

**Ex 2**

See if you can type $y = \sum_{i=1}^{n} x_i + \pi$ inline.
Then get it to display on its own line:

$$y = \sum_{i=1}^{n} x_i + \pi$$

Hint: you should NOT use `\begin{center}`

**Ex 3**

Make a bulleted list\(^1\) with at least three items:

- JMU has an awesome CS department.
- I’m so glad we’re taking the time to learn this stuff.
- We’re going to beat the Blue Devils in Football on Saturday.

**Ex 4**

See if you can get both “quotes” to point the right way.
Also, do you know the difference between -, –, and —?

**Ex 5**

Figure out how to make a truth table. (Hint: Wizard → Quick Tabular)

<table>
<thead>
<tr>
<th>$p$</th>
<th>$v$</th>
<th>$p \oplus v$</th>
</tr>
</thead>
<tbody>
<tr>
<td>T</td>
<td>T</td>
<td>F</td>
</tr>
<tr>
<td>T</td>
<td>F</td>
<td>F</td>
</tr>
<tr>
<td>F</td>
<td>T</td>
<td>T</td>
</tr>
<tr>
<td>F</td>
<td>F</td>
<td>F</td>
</tr>
</tbody>
</table>

\(^{1}\)A footnote would be nice, too.
